ISSUE #68

**PRESIDENT - MICHELLE FITZGERALD**

## Dear Fellow Patriots and Friends of Republican Women of California - Fallbrook -

As Republican women in California, your voices and votes have never been more essential. In a state dominated by one-party rule, we stand as powerful advocates for fiscal responsibility, safer communities, school choice, and policies that support families and small businesses.

With critical primaries and races shaping the future of our state, we have the opportunity to push back against high taxes, regulatory

overreach, and failing policies on housing and the homelessness crisis. Your participation can and will make a difference.

Whether you choose early voting or head to the polls on June 2, every action counts toward building a stronger, more balanced California.

Best regards,

Michelle Fitzgerald  
President

Sixteen members and friends met at the Rainbow Oaks Restaurant on Friday, May 29th for our May Luncheon Social. We had a lively discussion, with topics ranging from importance of voting to not forgetting the auto-pen and the infamous laptop.

Please be on the look for my Evite for our next last-Friday-of-the-month Luncheon Social. As always, Thank You for your replies, both Yes' and No's. It is nice to hear from you and it is appreciated so much as it helps make my job of organizing go smoothly.

# Republican Women of California-Fallbrook

## Mission Statement

Our goal is to educate the community by communicating information, encouraging involvement, and outreach.

Our objectives, as stated in our Bylaws are to:

- Support and defend the Constitution of the United States of America against all enemies foreign and domestic.
- Promote a wider knowledge of principles and policies of the Republican Party.
- Cooperate with the Republican State and County Central Committees in campaign work for the election of Republican candidates for office, including non-partisan offices.

The cornerstone of the Republican philosophy is the belief that each person is responsible for his or her own place in our society. Individuals are encouraged to join the Party to help secure and preserve the benefits of society.

We believe that government should be limited to doing for people those things they cannot do for themselves. The right to determine individual destiny should lie in the hands of the individual, and we believe in the competitive free enterprise system. We believe that peace and freedom can be protected only if America maintains a defense strong enough to deter an aggressor. We strive to cut overlapping and unnecessary government programs.
